WORDS WITHOUT A RHYME.

English Language Contains Several Which
Are Hard to Run Against.

There are a dozen words in the English language in everyday use for which enterprising people have devised a rhyme. The word "month," for example, is one of these. "Silver" is a word it seems very easy to secure a rhyme for, but as a matter of fact, trying to find something to rhyme with "silver" nearly drove a London writer of verse insane long ago. As a last resort he advertised in the newspapers and received but one reply. It came from the master of verbal contortion, W. S. Gilbert, Sir Arthur Sullivan's erstwhile partner, who submitted the word "chilver." He wasn't quite clear, he said, as to what a chilver might be, but he had seen the word in advertisements of sales of farm stock and had an idea, which is correct, that it described a species of sheep.

"Orange" is another word without rhyme. "Griff" is also without an English partner, and "cuma" and "cusp" are alike solitary. Many poets who have sought in vain for rhymes to "revenge" and "avenge" will not be appalled when they learn that but two exist—"punge" and "stonehenge." "Oit" is now, happily for versifiers, growing obsolete, for there is no word which rhymes with it. "Scarf" has been durably linked at the end of a line with "hair" or "fair," but this is a practice to be discouraged. "Scarf" rhymes only with "Alp," but, like "hake" and "astroloche," it would require much ingenuity to find an excuse for bringing these words into juxtaposition. "False" has on several occasions, by an abuse of poetic license, been associated with "valso," though the correct French pronunciation of the latter word would destroy the rhyme.

Of the names of places the African town of Timbuktu has long been famous for being without rhyme. The nearest success that any poet has ever attained in this respect was when in some old verses describing a desert hunt "cassowary" was made to rhyme with "missionary" and "Timbuktu" with "thin buck too."—New York Press.

O'CONNELL'S ELOQUENCE.

He Had Some Stereotyped Remarks Which He Used Quite Freely.

Among the stereotyped remarks of his eloquence was a favorite reference to "the majestic mountains and fertile valleys of great Ireland." Once at Athlone, in the very center of the fairest part of Ireland, he exclaimed in the peroration of a patriotic speech, "Look around my friends, on the majestic mountains," etc.—complacence with which remark would have surely tested the critics of his audience.

Another time, when, bearing at the Corn Exchange of the great attendance at a meeting he had recently addressed at Kilkenny, he outlined Parnell's life in a burlesque somewhat after the following fashion: He began by stating the numbers present at the meeting at 50,000, "and who will deny," he continued, "that the numbers are important and the passage through that could assemble together 50,000 men? Let no man say that they gathered merely from a feeling of patriotism, regard or curiosity to see a great man. It would be absurd to say that 100,000 men would leave their homes to look at an elderly and rather corpulent gentleman. No, no, when that packed army of 150,000 Irishmen congregated round me, their presence spoke, trumpet tongue, their first intention never to leave from the struggle until Ireland should have her own parliament again. "And their untiring labors were an orderly and pacific as they were resolute and determined. Oh, with what unspeakable delight I recognize in the center of these 250,000 noble fellows," etc. And thus ended, upon upon the swelling tide of his imagination, each sentence adding at least 50,000 to the previous amount until at last he arrived at, I think, 900,000.—Reverend (England) Chronicle.

The Trautmannsdorff Fiddle.

The enormous affection for old Cremona violins, tenors and basses is by no means a modern fancy. The Stradivarius violin, which my excellent father gave me when I was 10 years of age, was placed at 100 guineas in 1824. But, to go still farther back, we were told by the English newspapers that in September, 1779, there was sold by auction at Dresden the famous violin of Count Trautmannsdorff, grand equerry to the Emperor Charles VI, which he had purchased direct from the celebrated Tyrolean maker, Jacob Steiner. He paid him down in cash 70 golden crowns and undertook to provide the vendor as long as he lived with a good dinner every day, as well as 100 florins a month in cash and every year a new coat, with golden brandenburghs, two canes of beer, lighting and fuel, and, in case he should marry, as many horses as he might require, with 10 baskets of fruit annually for himself and as many for his old nurse (housekeeper).—Phispen.

ERIE MEDICAL CO., Buffalo, N. Y.

Before the silver fruit came bad and blossom. But once into blossom into fruit. And as a woman merges into womanhood and the woman into motherhood. The two most critical times in a woman's life are the times which make the girl a woman, and the woman a mother. At these times, Dr. Pierce's Favorite Prescription is of incalculable value. It turns danger into safety and pain into ease. It is a medicine which has but one object, it is good for but one thing. It strengthens and invigorates the organs distinctly feminine, it promotes regularity of the functions, it cures irritation and inflammation, cures unnatural, exhausting drains, and puts the whole delicate organism into perfect condition. Almost all of the ills of womanhood are traceable to some form of what is known as "female complaint." And this generally begins either at the time of puberty or childbirth, or at the "turn of life." There are not three cases in a hundred of woman's peculiar diseases that Dr. Pierce's Favorite Prescription will not cure. Thousands of grateful women have been rendered healthy and happy by its use, and the experience and testimony of many of them has been included in Dr. Pierce's Common Sense Medical Adviser.

When Dr. Pierce published the first edition of his work, "The People's Common Sense Medical Adviser," he announced that after 60,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it. He would give away the next half million free. He is now distributing absolutely free, 500,000 of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to the World's Dispensary Medical Association, at Buffalo, N. Y., twenty-one (21) one-cent stamps to pay cost of mailing only, and the book will be sent post-paid. It is a veritable medical library, complete in one volume. It contains over two pages and more than 200 illustrations. The Free Edition is precisely the same as that sold at \$1.50 except that the books are bound in strong manila paper covers instead of cloth. Send now before all are given away. They are going off rapidly, therefore, do not delay sending immediately if you want one.

SILVER PARTY PLATFORM.

Adopted at Elko, Nevada, September 8, 1896.

The Silver party of Nevada, in State Convention assembled, does affirm its allegiance to those great essential principles of justice and liberty upon which our institutions are founded, viz: Freedom of speech; freedom of the press; freedom of conscience; the preservation of personal rights; the equality of all citizens before the law; and the faithful observance of constitutional limitations.

We pledge our earnest and active support to William J. Bryan for President, and to Arthur Sewall for Vice President of the United States.

We heartily endorse the platform of the National Silver party adopted at St. Louis, July 25th, 1896.

We declare the restoration of silver to the place accorded it as a money metal by the founders of the Government, to be the paramount issue.

We demand the remonetization of silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be full legal tender equally with gold for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We are opposed to the issuing of Government interest-bearing bonds in time of peace, and we demand that the Government officials, the servants of the people, shall use the option given them by law to redeem all obligations in gold or silver coin.

We demand the abolition of National banks, and the issuance of all money direct by the Government.

We demand the collection of the indebtedness of the United States, as it matures, without extension of time or charge of terms or conditions.

We demand Government ownership of telegraph lines and railroads.

We demand the enforcement of the Interstate Commerce Act.

We demand legislation excluding foreign paupers, criminals, and contract labor.

We pledge the fostering care of the State to our public schools and the State University, of which we are justly proud, and favor such legislation as will increase their efficiency.

We cordially invite the co-operation of all true silver men of all parties in the ensuing election, and hereby pledge the electoral vote of Nevada to Thomas W. Watson, should it appear that the election for the Vice Presidency be between him and Garret A. Hobart, the gold trust nominee.

We denounce the hypocrisy and double-dealing of the Republican party of Nevada, which, on May 10, 1893, declared for free coinage at the ratio of 16 to 1, independent of any other nation, as the only means of restoring prosperity to the country, and on June 18, 1895, declared that the restoration of silver would create a panic and demoralize the business of the country.

We approve the bill passed at the last session of the United States Senate, now pending in the House of Representatives, relative to contempt in Federal courts, and providing for trials by jury in certain cases of contempt. We are in favor of arbitration of the differences between employers engaged in Inter-state commerce and their employees and recommend such legislation as is necessary to carry out this principle.

Recognizing the just claims of union soldiers, we heartily endorse the rule of the present Commissioner of Pensions that no name shall be arbitrarily dropped from the pension roll, and that the fact of enlistment and service should be deemed conclusive evidence against disease and disability before enlistment.

WATERWAYS AND RAILROADS.

The Federal Government should care for and improve the Mississippi River and other great waterways, and should own the great trunk lines of railway and improve and operate them so as to secure for the interior States easy and cheap transportation to tide water. When any waterway or trunk line railway is of sufficient importance to demand aid of the Government, such aid should be extended upon a definite plan of continuous work until permanent improvement is secured.

VOLUME OF MONEY.

The volume of money in circulation should be speedily increased and always be fully adequate for the requirements of business. It should be increased to an amount that will enable us to build our railroads, open our mines and develop our vast resources without dependence upon the money lenders of Europe.

PUBLIC OFFICE.

A public office is a public trust. No person or party should be trusted who has once violated that trust.

ELECTIVE FRANCHISE.

We denounce the purchase and sale of the elective franchise as destructive of our liberties, and favor the strict enforcement at all future elections of the law passed at the last session of the Legislature, known as the Parity of Elections law; and recommend that all candidates for the Legislature be required by their constituents to pledge themselves against a repeal of the law or any modification that will impair its efficiency.

UNITED STATES SENATORS.

We are in favor of an amendment to the Constitution of the United States, providing for the election of United States Senators by direct vote of the people of their respective States.

UNITED STATES SENATORS AND MEMBER OF CONGRESS.

The able and efficient services of Senators Stewart and Jones and Congressman Newlands in the Congress of the United States in behalf of all interests that promote the welfare of our people are worthy of the indorsement of every patriotic citizen of the State, and we are in favor of the election of Hon. John P. Jones for United States Senator.

Resolved, That the Silver Party was organized for the purpose of securing the remonetization of silver and that we are opposed to any effort to disorganize it until silver is remonetized.

THE BATTLE ENDED.

The battle of battles was fought in the United States yesterday. Various parties had for several weeks in conventions and on the stump proclaimed what they believed to be the issues that were paramount to the best interests of the people. There was, as usual, much earnestness and at times some feeling, but when the sun went down last evening and each voter had deposited his ballot in accordance with his belief the battle ended and the opposing forces were again of one country and Americans. Those who have suffered defeat are now as ready to uphold the honor of their land as those who were victorious. No other people in the world can enter into a contest such as the one fought yesterday and at its close the vanquished grasp the hands of the victors and enter into a solemn compact to maintain the everlasting principles of the Government.

MONEY IS KING.

Some stump orator in California declared that "money is king." For this assertion he was ridiculed and berated by the press, but the election yesterday proved the truth of the assertion. Mr. Hanna had millions at his disposal. Mr. Bryan was penniless. Mr. Hanna made displays which impressed the wavering. He used money in the cities where the voters were massed, and the result is shown by the returns.

It is idle to prate about patriotism and purity in Chicago, New York and other large cities of the States that were considered doubtful. There is not one of them that Mr. Hanna desired that he did not carry. In the country the farmers stood by Bryan, but they were not numerous enough to overcome the majority that Mr. Hanna and money secured in the cities.

It is idle now to speculate on the effect of McKinley's election. The future will determine whether or not it is beneficial to the country. If it is none will have just cause for complaint, as that is what the people of every race, color and shade of politics desire.

THE NATIONAL ELECTION.

The returns from yesterday's election indicate the success of the gold standard ticket. The people, it appears, are not yet tired of Clevelandism, and have voted for its continuance under a new name. The gold Democrats threw off their disguise, and, with few exceptions, voted for McKinley.

It seems that a majority of the people believe that the single gold standard is best for the country. Let us hope that they are right. Two years will tell the story, and if the people find that they are mistaken they can correct their mistake, and no doubt they will do so.

But we have been promised better times by the advocates of the gold standard if McKinley is elected. Every good citizen will now hope that their surmises are correct, as it is immaterial who is President or what party is in power if the country is prosperous. It is the opinion of political economists that times will not improve until the circulating medium is increased, but they may be mistaken.

THE STATE ELECTION.

The returns from Nevada indicate that Bryan and Sewall have carried the State by about 5,000 majority. Congressman Newlands' majority will be greater than his plurality two years ago. The people appreciate his services and reciprocate by giving him their votes. The legislature will have a Silver and Democratic majority on joint ballot, which insures the return of Senator Jones for another term.

The returns for Justice of the Supreme Court, Lieutenant Governor and Regents are not given outside of this county, but the election of Massey for Supreme Judge, Hardin for Lieutenant Governor and Evans and Starrett for Regents of the State University is assured beyond doubt.

The State has stood by the silver colors, but unfortunately it has not sufficient votes to overcome the States where Mr. Hanna used his sack.

The returns so far show that Congressman Newlands will receive a large majority in the State. This is as it should be. Mr. Newlands has worked earnestly and faithfully for Nevada and the vote given him yesterday shows that his constituents appreciate his services.

Illinois Claimed by Aligeld.
Special to the Journal.

CHICAGO, November 3.—Governor Altgeld arrived from Springfield to-day and received returns in his room. He denied that he had conceded his defeat, claiming that returns did not warrant Republicans in saying that Tanner was elected.

State Chairman Henry Hendrickson to-night claimed Altgeld elected, stating that he would run ahead of Bryan by 40,000 in Chicago alone, and that the Presidential returns were no indication of the vote of the State ticket.

THE GENERAL ELECTION.

The Returns from the Several States.

THE EAST FOR GOLD.

The West and South Generally for Silver.

Following are the returns received from yesterday's election:

NEW YORK.
New York, November 3.—One hundred and fifty districts out of 1,802 in New York City give McKinley 14,353, Bryan 12,261, Palmer 400.

A New York Journal bulletin says Bryan's estimated plurality is 3,000.

Returns received up to 7 p. m. in New York indicate a plurality for McKinley on the entire city vote of 23,000.

11:30 p. m.—Returns to this hour show that the Republicans have elected 200 Congressmen, Democrats 59, Populists 11, sound money Democrats 1. This leaves 87 districts to hear from.

The New York delegation to Congress will consist of 27 Republicans, 6 Democrats, 1 Independent Republican.

New York gives Black, Republican for Governor 175,159; Porter 116,997.

NEW YORK, November 4.—2:30 A. M.—The total vote in New York city for President, including all parties, was 299,725, of which McKinley received 159,085 and Bryan 133,732. McKinley's plurality is 10,253.

The Journal says that Tennessee is in doubt.

2:50 A. M.—Returns and estimates at this hour indicate that McKinley has carried the following States: Connecticut, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Wisconsin and Wyoming, a total of 251 electoral votes.

Bryan has carried Alabama, Kansas, Colorado, Florida, Georgia, Louisiana, Mississippi, Missouri, Montana, Nevada, North Carolina, Idaho, South Carolina, Tennessee, Texas, Utah and Virginia, a total of 154 electoral votes.

The returns are incomplete and the result is in doubt in the following States: California, Delaware, Kansas, Nebraska, North Dakota, Oregon, South Dakota, Washington, West Virginia, a total of 51.

The returns are favorable to McKinley from California, Oregon, North Dakota, South Dakota and West Virginia.

One hundred and eighty-six districts outside of New York City give Bryan 21,862, McKinley 38,550, Palmer 262.

BUFFALO, November 3.—Twenty districts out of 148 give McKinley 4,857, Bryan 3,660, Palmer 159.

PORTLAND, November 3.—Returns from 50 towns show Republican gains of 5,021 over 1892.

GEORGIA.
ATLANTA, November 3.—Bryan has carried Georgia by 40,000.

RHODE ISLAND.
PROVIDENCE, November 3.—Six districts in Rhode Island give Bryan 220, McKinley 930.

The New York Journal says: Rhode Island gone for McKinley by over 50,000.

KENTUCKY.
LOUISVILLE, November 3.—The first precinct of Kentucky to report gives McKinley 242, Bryan 191, a heavy Republican gain.

Republican gains are heavy, especially Louisville which gives McKinley a majority of 10,000.

DIED.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be recommended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

An Enjoyable Time.
A crowd of jolly young people assembled at the pretty little Glendale home of Mr. and Mrs. G. E. Rice last Friday evening, the event being a reunion of the camping party which Mr. and Mrs. Rice chaperoned last summer.

The young people, who well knew the welcome reception and hospitality which their chaperones always extend to all who enter their doors, took Mr. and Mrs. Rice by surprise, and found them as ever—ready to entertain them and make a most enjoyable evening for their young friends.

Games, music and dancing constituted the order of the evening, after which a history of the trip to Gold Lake last August was read. Refreshments were served, and as the clock struck 8 the young folks prepared to depart. All expressed themselves as having spent a delightful evening, and pronounced Mr. and Mrs. Rice most excellent hosts.

Eggers, 189 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficiency of this remedy for coughs and colds. Free trial bottles at Hodgkinson's Drug Store. In Diphtheria it has proved a perfect specific in my hands, and I had rather depend on it alone in that dreadful disease than the whole popular Materia Medica with that left out. For sale by T. P. PENNSYLVANIA.

McKINLEY CONGRATULATED.

Hanna Overjoyed at the Result.

New York, November 3.—N. B. Scott and Joseph A. Manley of the Republican National Committee both wired Major McKinley this evening congratulating him on his certain election. Secretary Osborne of the committee also wired to M. A. Hanna at Cleveland to-night to the effect that 282 electoral votes were already sure for McKinley with chances for 103 more. Mr. and Mrs. Garrett A. Hobart also sent their congratulations to Major McKinley to-night on his splendid victory.

THE NEW YORK "JOURNAL" GIVES IT UP.

CANTON, November 3.—The announcement that the New York Journal had conceded the election of McKinley was received with cheers of applause in McKinley's house and the Major's friends congratulated him heartily.

BRYAN RECEIVES THE NEWS.

LINCOLN, Neb., November 3.—Bryan received returns in his house by means of wires furnished by the two telegraph companies. He received several messages from Chairman Jones of the Democratic committee early in the evening, but did not make their purpose known.

Bryan has received a message from Chairman Dahman of the Democratic State central committee to the effect that he has carried Nebraska by 15,000, and that indications point to the election of the entire State ticket.

HANNA OVERJOYED.

New York, November 3.—The Tribune received a telegram from Mr. Hanna to-night saying the results exceed all estimates. The Tribune says Altgeld had conceded his defeat in Illinois. Indications now are that the sound money electors will have a majority of at least three in the Senate of the next Congress. McKinley is believed to have carried Illinois by over 100,000.

McKinley Interested.

Special to the Journal.

CANTON, November 3.—Garrett A. Hobart wired Major McKinley to-night that his majority in New Jersey will be 60,000. Senator Geo. L. Wellington of Maryland also wired McKinley that that State will give him 30,000 majority.

Major McKinley became interested as election news became more copious and kept up a running comment on the significance of the reports. Returns were read aloud to newspaper correspondents after they had been scanned by the Major.

Levi P. Morton wired McKinley, heartily congratulating him on his triumphant election to the Presidency. At midnight all of the marching clubs of Canton, with a firing squad of militia and accompanied by 5,000 persons, visited the McKinley residence and fired several volleys as a salute.

McKinley Not Convinced.

Special to the Journal.

CANTON, Nov. 3.—When it was announced that the N. Y. Journal conceded his election, Major McKinley said he would not assume he was elected until actual returns and figures warranted it, and declined to let telegrams of congratulations be sent out by the newspapers until he felt absolutely certain of his election.

At midnight bells rang out and bands played in the public squares before thousands of jubilant people.

Bryan Carries Nebraska.

Special to the Journal.

LINCOLN, November 4.—2:35 A. M.—Out of the apparent Republican advantage in neighboring States Nebraska seemingly remains true to her favorite son. Bryan has carried the State by from 8,000 to 12,000. The Republican State Chairman declines to concede defeat, but figures disprove his claims.

The "Herald's" Claims.

Special to the Journal.
New York, November 3.—The Herald claims for Republicans Delaware, Maryland, West Virginia, Tennessee, New York, Illinois, Indiana, Wisconsin, Ohio, Iowa and probably North and South Dakota.

New Jersey Republican.

Special to the Journal.
New York, November 3.—The Journal's correspondence says New Jersey goes Republican by 45,000, and elects eight Republican Congressmen. The Times says McKinley has carried Minnesota by 50,000 plurality.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a positive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Company only, and sold by all druggists.

Viava is King.

Visitors to Reno, are cordially invited to call and investigate the merits of Viava. I have sold since June, 1892, \$13,900 worth, this speaks its value without further words.

"STONE OF SCONE."

The Enterprising Schoolboy Who Slept In
the Coronation Chair.

It is a long walk from the dining
room of the Westminster school to the
coronation chair, which stands behind
the old stone screen just back of the
altar in the abbey, but there is an in-
teresting connection between the two.
This chair, as is well known, is a rude,
heavy oak chair, much worn by time.
It contains the "Stone of Scone" and
was made by the order of Edward I in
1297, and every English sovereign since
then has sat in it to be crowned.

A stout railing in front of the chair
restains the crowd of visitors from
coming near, but if they were allowed
to examine it as closely as I was for-
tunate enough to do they would find
out boldly into the solid oak seat in
such sprawling letters as the school-
boy's knife makes upon his desk, "P.
Abbott slept in this chair Jan. 4, 1891."
P. Abbott, it seems, was a Westminster
schoolboy, and a tradition, which there
is every reason to believe is true, tells
that he made a wager with a school-
mate that he dare stay in the abbey all
night alone.

In order to win his wager he hid in
some corner of the old building until
the doors were locked for the night and
thus was left alone there. Fearing,
however, that when morning came the
boy with whom he had made the bet
would disbelieve his statement that he
had won it, he determined to have
some proof of the fact, and so spent the
hours of the early morning in carving
on the coronation chair the sentence
which, even now, nearly a century af-
ter, bears witness for him. It is dis-
appointing that the tradition does not
record just what form and amount of
punishment was visited upon the lad
for his escapade, and that history does
not tell us of his later years. I wonder
whether the courage and grit which this
deed manifested foretold an ener-
getic, successful life or was dissipated
in mere bravado.—Max Bennett Thrasher
in St. Nicholas.

The Pretty Pansy.

One of the most cheerful flowers of
this and of my mother's garden was the
happy faced little pansy that under var-
ious fanciful folk names has ever been
loved. Like Montgomery's daisy, it
blossomed everywhere. Its Italian name
means idle thoughts; the German, "the
stepmother." Spenser called it
"pawnee." Shakespeare said maidens
called it "love in idleness," and Dryden
named it heartsease. Dr. Prior gives
these names: Hens, trainy, three faces
under a hood, fauny, funny, kiss me, pull
me, oodle into you, tickle my face,
kiss me ere I rise, jump up and kiss me,
kiss me at the garden gate, pink of my
Jean. To those let me add the New
England names: Birdseye, garden gate,
johnny jump up, kit run about, none so
pretty and ladies' delight.

All these testify to the affectionate
and intimate friendship felt for this
laughing and fairly speaking little gar-
den face, not the least of whose endur-
ing qualities was that after a half
warm, snow melting week in January
or February this brightsome little "do-
light" often opened a tiny blossom to
greet and cheer us, a true "jump up
and kiss me," and proved by its bloom-
ing the truth of the graceful Chinese
verse:

One man is aware
That the spring is here
The plants have found it out.
—Scribner's Magazine.

The Compass Plant.

The compass plant is one of the odd-
est creations of the vegetable king-
dom. It derives its name from the fact
that its leaves always point directly
north and south. So if you are out on
a western prairie and lose your way
just look for one of these plants and re-
member that they always point in the
directions indicated. Botanists call
this curious plant *Silphium laciniatum*.
It is unpretentious in appear-
ance and bears yellow flowers that are
unlike field daisies. It has a remark-
ably thin leaf, so thin as to be nedi-
cable even to the untutored eye. The
compass plant is really a western
flower and is indigenous to the prairies
of that section.

A Cautious Rose Tree.
One of the most remarkable botanical
curiosities in the world is in the pos-
session of Mrs. Le Cleve of Quebec. It
is a potted American Beauty rosebush
whose flowers have perfume only from
midnight until daylight. During the
rest of the 24 hours they are perfectly
odorless. The fragrance begins to exhale
precisely on the stroke of 12.

Finally Got the Goat.

A Berlin physician, Dr. Aronson,
has succeeded in inoculating with tu-
bercles a goat, an animal which is
immune to tubercles.

PERFECT and permanent are the
cures by Hood's Sarsaparilla, be-
cause it makes pure, rich, healthy,
life and health-giving BLOOD.

One on the Princess.
A good story of the late Princess
Allice has come out on the occasion of
the striking of a medal for the fishermen
at Ushant. She once visited the mint
unexpectedly at a time when some
medals were being made for noncom-
missioned officers of the army. While
she was being shown through the build-
ing, the officials thought it would be a
great thing to stamp her name and the
date on one of the medals and present it
to her. She accepted the gift and then
burst out laughing. The inscription
reads, "For long service and good con-
duct."

The first paper money used in this
country was issued by Pennsylvania in
1723. In the early part of that year
\$15,000 was issued on the credit of the
colony, and a few months later \$30,000
more followed.

Lead Water Attracts Poisons.

A scientific paper adds these new ter-
rors to lead water as a beverage:
It says the water possesses the quality
of attracting to itself the poisonous
gases exhaled by the lungs and the pores
of the body. One of the best ways to
purify a freshly painted room is to set
about it basins of lead water, changing
them every few hours. The water in
these basins will be found to be deadly
poisonous.

This Is Your Opportunity.
On receipt of ten cents, cash or stamps,
a generous sample will be mailed of the
most popular Catarrh and Hay Fever Cure
(Ely's Cream Balm) sufficient to demon-
strate the great merits of the remedy.
ELY BROTHERS,
50 Warren St., New York City.

Rev. John Reid, Jr., of Great Falls, Mont.,
recommended Ely's Cream Balm to me. I
can emphasize his statement, "It is a pos-
itive cure for catarrh if used as directed."
Rev. Francis W. Poole, Pastor Central Pres.
Church, Helena, Mont.

Ely's Cream Balm is the acknowledged
cure for catarrh and contains no mercury
nor any injurious drug. Price, 50 cents.
